

AQUAWAY SERIES FOR SCREEN, HAND & OCTOPUS PRINTING		
CODE	PRODUCT NAME	PROPERTIES
CW-SP-0001	AQUAWAY WW	Water based rubber white paste high viscosity for table print which is extremely elastic, good coverage, soft and high white printing.
CW-SP-0002	AQUAWAY WW-M	Water based rubber white paste for machine print which is extremely elastic, good coverage, soft and high white printing.
CW-SP-0003	AQUAWAY CRP	Water based rubber clear paste for table print highly elastic, high wash fastness, non tacky prints.
CW-SP-0004	AQUAWAY CRP-M	Water based rubber clear paste high concentrate for machine print which is highly elastic, high wash fastness, non tacky prints.
CW-SP-0005	AQUAWAY DW100	Special white discharge paste with highly white and soft effect. Totally non blocking and chocking formulation for non stop printing.
CW-SP-0006	AQUAWAY DCC	Special transparent discharge paste for brilliant and high fastness printing. Totally non blocking and chocking formulation for non stop printing.
CW-SP-0007	AQUAWAY ECO BIANCO - W	Special discharge white paste for zero formaldehyde discharge printing.
CW-SP-0008	AQUAWAY ECO TRANS-C	Special discharge paste for zero formaldehyde discharge printing.
CW-SP-0009	AQUAWAY P5000	Zinc formaldehyde catalyzer powder for discharge pastes.
CW-SP-0010	AQUAWAY E-1000	Ecological discharge powder with 100% active content.
CW-SP-0011	AQUAWAY VELVET-S	Prepared paste for zero touch effect pigment printing with high fastness and color yield.
CW-SP-0012	AQUAWAY TERRA	Special dark ground paste for very soft and brilliant printings.
CW-SP-0013	AQUAWAY TERRA OPAQUE	Special dark ground paste for soft and semi brilliant printings.
CW-SP-0014	AQUAWAY FLOC-A	Flock paste with high fastness and non tacky effect.
CW-SP-0015	AQUAWAY LAMINA	Foil paste with static property.
CW-SP-0016	AQUAWAY CONTROL LAMINA	Special Antifoil paste.
CW-SP-0017	AQUAWAY FOSFORO-L	Long time effective, ready to use, good coverage, zero formaldehyde phosphor paste.
CW-SP-0018	AQUAWAY BOUND 500	Highly effective Cold fixer with 99 % solid content.
CW-SP-0019	AQUAWAY BLOCK 45	45% Blocked Polyisocyanate ecologic pigment fixer.
CW-SP-0020	AQUAWAY S1000	Special pure silicone oil for increase washing fastness with extremely good softness.
CW-SP-0021	AQUAWAY W33	Special crack effect white paste, colourable, high curing temperature 180 degree.
CW-SP-0022	AQUAWAY C33	Special clear crack effect with high brilliancy, high curing temperature 180 degree.
CW-SP-0023	AQUAWAY LF-X 30	Low formaldehyde pigment fixer. Suitable to produce garments fulfills OEKO-TEX limits.
CW-SP-0024	AQUABLOCK PF	Pigment fixer, free from formaldehyde and APEO.
