

| ULTIMO SERIES - FINISHING CHEMICALS FOR CONTINUE & EXHAUST PROCESS | | | | |
|--|-------------------|---|----------|---------|
| CODE | PRODUCT NAME | PROPERTIES | CONTINUE | EXHAUST |
| CW-FN-0001 | ULTIMO HIDRO-A | Concentrated form , provides durable softness and hydrophility especially on towels, gives super hydrophilic bulky and slippery touch with wide range ph. | + | + |
| CW-FN-0002 | ULTIMO HIDRO-B | Hydrophilic softener for gives fullness and soft touch for natural and synthetic fibers. | + | + |
| CW-FN-0003 | ULTIMO MAC-A | Concentrated form, wide range ph (2-11 Ph) gives a perfect slippery surface to the applied product. | + | X |
| CW-FN-0004 | ULTIMO MAC-B | Supplies perfect slippage to fibre. Provides very good stretch-back effect. Does not cause yellowness on white goods. | + | X |
| CW-FN-0005 | ULTIMO MIC-A | Concentrated, non yellowing, wide pH range micro silicone emulsion providing very soft, full handle and lubricity on fabric. | + | X |
| CW-FN-0006 | ULTIMO MIC-B | Micro silicone emulsion gives slippery, bulky effect to all kind fibers. | + | X |
| CW-FN-0007 | ULTIMO PULA-C | Cationic flake softener, provides excellent soft touch and antistatic properties natural and synthetic fibers. | + | + |
| CW-FN-0008 | ULTIMO PULA-N | Nonionic flake softener, provides soft touch and antistatic properties natural and synthetic fibers. Does not cause yellowing. | + | + |
| CW-FN-0009 | ULTIMO PULA-CN | Amphoteric flake softener, provides excellent soft touch and antistatic properties natural and synthetic fibers. Does not cause yellowness. | + | + |
| CW-FN-0010 | ULTIMO PFS | Liquid paraffin softener, used in finishing of synthetic and cellulosic fiber products and blends by exhaustion and padding. | + | + |
| CW-FN-0011 | ULTIMO PASTA | Esterquard paste softener, provides an excellent soft handle and antistatic property for natural and synthetic fibers. | + | + |
| CW-FN-0012 | ULTIMO AQUA & OIL | Water and oil repellent finishing chemical which is highly wash resistant. | + | + |
| CW-FN-0013 | ULTIMO ANB99 | Special anti bacterial finishing agent . | + | X |
| CW-FN-0014 | ULTIMO FONDO | Special silicone finish for deeper color yield against color losses in dyeing of cotton, viscose and blends with synthetics. | + | X |
| CW-FN-0015 | ULTIMO GRAM | Special finishing agent for increase weight to fabrics made of natural or regenerated cellulose fabrics. | + | X |
| CW-FN-0016 | ULTIMO FAST | Economic fastness increaser. | + | X |
| CW-FN-0017 | ULTIMO FAST-MAX | High quality fastness increaser with soft touch. | + | + |
| CW-FN-0018 | ULTIMO PLS 30 | Polyethylene softener. | + | + |
| CW-FN-0019 | ULTIMO CLS | Cationic liquid softener. | + | + |
| CW-FN-0020 | ULTIMO NLS | Nonionic liquid softener. | + | + |
